Newsletter # 10 – from 19 June to 5th July

Welcome to our 10th newsletter, and a new look. We will no longer be sending out our newsletter in PDF format. You can get previous newsletters from our website on www.positivemoney.org.nz/Site/Newsletters/newsletters.aspx

Following is a summary of what we have been up to.

- Launched our [You Tube media channel](#). We are building the number of titles, so send your clips through to Ziv: zibidu@gmail.com and he will consider including them.
- Held our first public meeting in Wellington since the launch of our campaign. The number of attendees was low but there was a great discussion and most left with fliers to get the message out there. Future events in Wellington will include showing feature length documentaries and films. Watch this space.
- Posted a good article from Raf Manji in the July issue of New Zealand Investor titled [Making the boat go faster](#) – replacing interest bearing debt with government created money free of interest. It also debunks the idea of government created money being inflationary. New Zealand Investor continues to post articles that challenge the status quo and we are impressed by their stand.
- North and South Magazine “liked” Positive Money New Zealand and we will follow this up with a request to place an article.
- Posted [an article from the Dom Post](#) that stated that the Wellington City Council is spending \$420,000 a week **in interest payments alone**. We will be writing to the Mayor and Councillors letting them know of the option to escalating debt.
