

PositiveMoneyNZ

Newsletter #26 and PMNZ starts to take the message to a wider audience

Welcome to our 26th newsletter. Here is [a link to previous newsletters](#)

Firstly happy Fathers Day to all the Dad's out there.

We are now approaching community groups such as Rotary, Lions and Young Farmers in the Wellington region to speak at their meetings. It makes sense as the audience is already there and seated. Let us know if you have groups you would like us to talk to, even if you are outside of the Wellington region.

We also provided a link to those following us on Facebook to the [names and email addresses of MPs](#). We suggest that you drop them an email and we have provided [some suggested text](#) as well that you can use for anyone. The more people spreading the word the better.

Don also attended the Wellington day of action today and [spoke](#) at the grounds of parliament.

During August we also:

- Put in [a submission to the Constitutional Review Committee](#).
- Posted a 3 minute [Positive Money UK clip](#). The trailer for the clip states that because almost all of their money is 'on loan' from banks, someone has to pay interest on nearly every pound in the UK.
- Posted the item from the retiring head of the [FMA apologising for the mistakes made](#).
- Posted an item from Positive Money UK, titled ["The cancers at the heart of the banking system"](#) based on a story that ran in "The Telegraph".
- Posted an item on [the ANZ making a billion dollars of profit](#) within nine months, and looks to be on track for another record annual result.
- Posted a link to a very good ["Mind the gap"](#) documentary on TV3. It talked about the failure of the market reforms.
- Our spokesperson in Dunedin had a [letter to the Editor](#) published regarding the concentration of government spending in Auckland and Christchurch and Sue had a [letter to the Editor](#) published on why quantitative easing US –style is not the answer.
- Were invited to talk at an event hosted by the Mana Party in September.

Finally let us know what you are doing to further our campaign and we will feature it in our newsletter.

Regards

Don Richards and Sue Hamill
