Newsletter #31 and welcome to 2014

Welcome to our 31st newsletter. Here is a link [previous newsletters](#).

We started off with an interview with a [radio station in Florida](#) on the 30th December at 4am in the morning (the interview starts at the 52 minute mark - not 54 as stated) and we finished January with requests to meet with Young Farmers, Federated Farmers, Local Government New Zealand and the Reserve Bank.

During January we also posted links to:

- an article from “The Telegraph” that reported [on the Pope’s stance](#) stating “that unfettered global capitalism has met its match at last”.
- an article from the Stuff website stating [the national average house price](#) was \$466,022 at the end of December, up 10 per cent on the same time in 2012 and 12.5 per cent ahead of the last market peak in in 2007.
- an article that looks at what happens when [free money is given to the very poor](#).
- a half hour [update on what is happening in Israel](#). They are generating real interest amongst economists and politicians in reforming their monetary system.
- a new [five minute Positive Money UK clip](#) that explains the problem and solution in simple terms.

During February we intend to approach most radio stations in New Zealand and request air time for our campaign. Our membership web page should also be up and running.

Finally a plug for [Positive Money UK’s annual conference](#). If you have friends or family in the UK who would be interested in attending – details are as follows:

- Who: Positive Money Supporters who want to lead and participate in the active movement for change
- Where: Conway Hall, 25 Red Lion Square, Holborn, London, WC1R 4RL
- When: Saturday 1st March 9.30 am to 5pm
